

NORFOLK BRICK

— TRADITIONAL HANDMADE BRICK AND TILE —

Quality Facing Bricks you can rely on!

We are now importing a range of genuine handmade facing bricks to complement their handmade clay roof tiles and flooring products. Produced in the traditional way to ensure that they give the same aesthetic and character found in bricks used in properties built centuries ago, they are the ideal choice for restoration, conservation or new build work, where there is a requirement to blend in with historic surroundings.

Readily available in a range of sizes and complimented by British Standard special bricks, We can also recreate copies of any existing decorative bricks.

The single colours can be mixed to create different blends to match in with existing buildings.
